A Truly Youthful Skin Easy to Have

The complexion may acquire that girlish flush, the real essence of physical beauty, only by means of the capillary circulation. In advancing age, anemia, lowered vitality, etc., the circulation is poor; the complexion appears pale, sallow or faded. If, however, the lifeless scarf skin is removed, the skin beneath, being that much nearer the capillaries, exhibits a healthier, rosier bloom; the new complexion is youthful in fact as well as in appearance?

It will be gladsome news to many that such a complexion may be easily obtained—the offensive cuticle safely, painlessly removed by the use of ordinary mercolized wax. The wax procurable at any drug store, is used at the store and market if

Then the exquisitely beauti-ful girlish complexion is in evidence— a result which astonishes every one who tries this simple treatment.—So-cial Mirror.
